

# Decorative Lighting Case Study

## BRIEF:

Atmospheric lighting plays an important role in setting the mood to any event! A simple colour wash or gobo projection can transform the look of any venue. We also offer unique custom made lighting!

## WHAT WE DID:

- We provide uplighting and washed for lighting up walls and small indoor objects, they can be set to a static colour or to chase throughout colours.
- We can provide festoon and fair lights to give off a subtle warm light outdoors.
- We can provide custom made objects such as our flame lights and gobo projectors.
- We have now extended our range to include battery run wireless controlled uplighters.
- We can create the perfect lighting indoor or outside of your event whether that is chandeliers, LED trees, letter lights, paper lanterns or silk flame lights - we have it all!
