

Around The World Case Study

BRIEF:

To provide a multispace themed marquee across 4 different areas on multiple levels of our client's grounds.

WHAT WE DID:

- Built 2 different event spaces on uneven ground using a suspended flooring system
- Themed each area according to our clients choice with the use of props, fine detail decor and atmospheric lighting
- Provided interactive entertainment such as a green screen themed photo booth, Ice luge and walkaround themed models
- Supplied full event catering with themed staff
- Provided aerial photography & videographer
